PROPOSED ORDER

An order of the Medical Examining Board to amend Med 1.02 relating to copy of diploma requirement.

Analysis prepared by the Department of Safety and Professional Services.

ANALYSIS

Statutes interpreted:

s. 448.05 (2), Stats.

Statutory authority:

ss. 15.08 (5), 227.11, 448.05 (2), and 448.40, Stats.

Explanation of agency authority:

The Medical Examining Board, (Board), pursuant to ss. 15.08 (5) and 227.11, Stats., has the general power to promulgate rules for guidance within the profession and to interpret

the statutes it enforces. Section 448.40, Stats., grants the Medical Examining Board blanket authority to promulgate rules that carry out the purposes of the Medical Practices Act. The Board seeks to interpret a statute that it administers specifically, s. 448.05 (2), Stats., which deals with applicants being required to possess a diploma. Therefore, the Board is both generally and specifically empowered to promulgate the proposed rule.

Related statute or rule:

Wis. Admin. Code s. Med 1.02 (2)

Plain language analysis:

The proposed rule seeks to amend Wis. Admin Code Med 1.02 by eliminating the requirement that applicants provide a verified photographic copy of their diploma when applying for licensure. The requirement is duplicative and unnecessary since the board receives information regarding graduation directly from medical and osteopathic schools of medicine.

Summary of, and comparison with, existing or proposed federal regulation:

None

Comparison with rules in adjacent states:

Illinois:

Illinois requires an official transcript and diploma or an official transcript and certification of graduation from the medical school. 68 Ill. Adm. Code 1285.70.

Iowa:

Iowa requires a copy of the applicant's medical degree and a certification from the medical school. 653 IAC 9.4 (147,148).

Michigan:

Michigan requires that an applicant establish that he or she is a graduate of medical school. Mich. Admin. Code R 338.2317.

Minnesota:

Minnesota requires an original or certified copy of the diploma from the medical or osteopathic school. Minn. R. 5600.0200 Subp. 2.

Summary of factual data and analytical methodologies:

The Medical Examining Board ensures the accuracy, integrity, objectivity and consistency of data were used in preparing the proposed rule and related analysis.
